On [#SaturationSaturday](#), prior to hitting the road for enforcement, the officers of the [Mackinaw Police Department](#) were joined by MADD staff, Terri Klein, and Deb Beaupre, as she shared of the loss of her precious daughter Mia Dusek.

The officers were so moved hearing Mia's story that they plan to include sunflowers in their new landscaping project. Sunflowers are very special to Mia's mother as they remind her of her daughter and keep her close at heart. What a great tribute these officers are offering in memory of Mia and a great reminder to drive safe with a sober driver.

Today, NPD will be taking part in Saturation Saturday. Officers will be focusing on ridding the streets of Normal of impaired drivers to ensure safe travels for all.

Normal PD prides itself on its dedication to keep our community safe. In 2022, NPD officers were able to remove over 200 impaired drivers from the streets.

We guarantee, a ride in the back of an Uber is much more comfortable than in the back of a cop car.

Tonight, the Chatham Police Department will be partnering with other law enforcement agencies around the state in a focused effort on DUI enforcement. If you're thinking about driving drunk (or high), think again. Your decision to not get behind the wheel and drive may very well end up saving a life...and it may be your own!
