The MADD Online Victim Impact Panel offers the same quality presentations as MADD's current in-person program, just in a virtual environment. When a panel is too far away, or not offered frequently enough to meet the court's needs, MADD believes there should be no barriers when it comes to attending a MADD VIP.

MADD's Online VIP features Cutting-Edge Technology:

- Facial recognition software.
- Randomized questions after each video.
- Photo image printed on each certificate to identify who took the class.
- Court CMS integration that allows many courts to identify who took the class.
