Support the RIDE Act (S. 1331)

Dear Chairman Peters, Ranking Member Fischer and Committee Members,

As victims and survivors of impaired driving and dedicated Mothers Against Drunk Driving volunteers, we support the testimony presented today by Rana Abbas Taylor and urge all members of the Senate Commerce, Science and Transportation Committee to support the RIDE (Reduce Impaired Driving for Everyone) Act.

This practical bipartisan measure will require advanced drunk driving prevention technology in all vehicles and prevent nearly 10,000 fatalities annually, more than a quarter of the annual highway death toll.

Our mission, working together, is to save other families from the devastation of losing loved ones in preventable drunk driving crashes.

Sincerely,

Alex Otte
