Idaho
Effective January 1, 2019, ignition interlocks are required for all convicted drunk drivers for a duration of at least one year. As of December 2017, there were 1,002 interlocks installed in Idaho. Between 2006 to 2018, interlocks stopped 6,972 attempts to drive drunk, including 718 in 2018.

Why MADD calls the law all-offender? Judges are required to an interlock for at least one year unless if a Judge finds mitigating circumstances not to order the device.
